Customising your Dashboard (1/2)

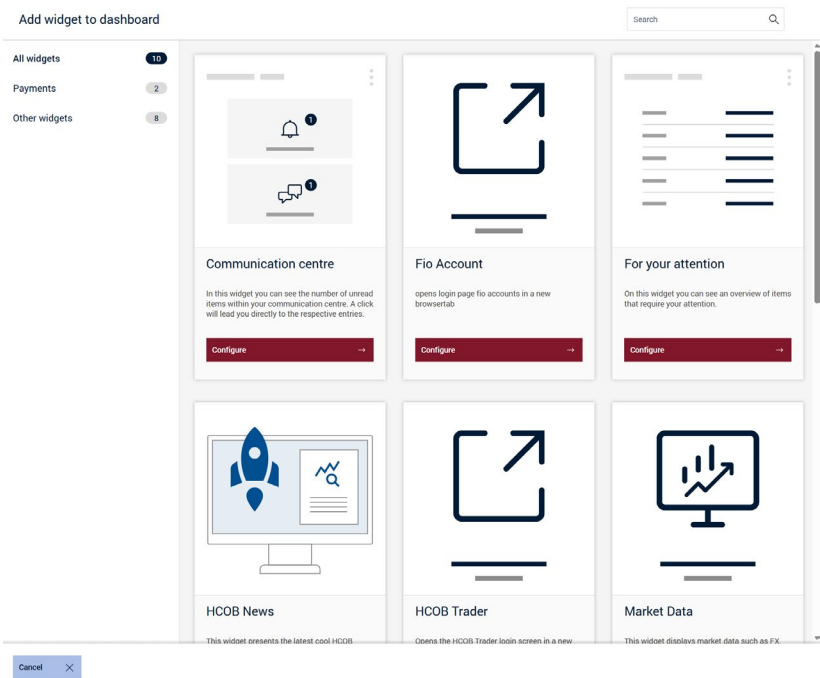

The dashboard is the first page displayed after you successfully log in to the My HCOB Portal. As the central starting point, it provides a quick overview of all information and functions relevant to you.

You can create and use multiple dashboards to organise content by topic. Once Electronic Banking has been enabled for you, a dedicated Electronic Banking dashboard is automatically provided in addition.

You can customise the dashboard to suit your individual requirements. By selecting and arranging widgets, you can tailor the displayed content to your needs. To do so, click **“Add widget”**.

A new window opens displaying all available widgets. To add a widget, click **“Configure”**.

Customising your Dashboard (2/2)

A further window opens. Confirm your selection by clicking “Save”.

The selected widget is then displayed on your dashboard.

Add widget - Market Data

Overview

Market Data

Latest available rates/prices		Yields (previous day)

Navigation

Main menu

From any page within the My HCOB Portal, you can easily return to your dashboard. Simply click **"Dashboard"** in the main menu on the left-hand side or select the Dashboard icon from the menu bar.

Key actions

Overview

The following overview provides a brief description of the main actions available.

Action	Description
Add widget	Select a widget from the widget library and add it to your dashboard.
Edit widget	To change the configuration of a widget, hover over the widget and click the configuration icon in the upper-right corner. The configuration icon is represented by three vertically aligned dots. When you hover over the icon, the option "More actions" is displayed and can be selected. Select „Edit“. Example: Widget title: In this field, you can change the name of the widget as it is displayed on the dashboard.
Delete widget	To remove a widget from your dashboard, hover over the widget and click the configuration icon in the upper-right corner. The configuration icon is represented by three vertically aligned dots. Select " Delete " and confirm your selection. The widget is then removed from the dashboard.
Hide widget	To hide a widget on your dashboard, hover over the widget and click the configuration icon in the upper-right corner. The configuration icon is represented by three vertically aligned dots. Select " Hide " and confirm your selection. The widget is no longer displayed on the dashboard.
Restore hidden widget	To restore a hidden widget, click the Dashboard icon and select " Show hidden widgets ". On the page displayed, click " Show " for the relevant widget. The widget is then restored to the dashboard with its previously saved configuration.
Rearrange widgets	You can move a widget to another position on your dashboard using drag and drop. The system automatically arranges the widgets to fit the available screen size.

Contact details

Technical Hotline

If you have any technical queries regarding the My HCOB Portal or Electronic Banking, our Technical Hotline is here to provide expert assistance.

Our support team can assist you, for example, with logging in, using individual functions or dealing with technical error messages.

To ensure a speedy response, please have your User ID – if available – or relevant information regarding the issue at hand ready.

You can find your User ID under settings.

The Technical Hotline is available Monday to Friday from 8:00 am to 5:30 pm, except on public holidays and on 24 and 31 December, and will endeavour to provide a quick and reliable solution to your query.
